The Chairman explained the principle and full details of the application with a full debate following, including reading a letter from Phil Stone the Footpath Warden, and the Taunton Rambler group supporting the diversion. The Chairman proposed we support the application, with the following statement:

North Curry Parish Council supports the diversion of the footpath as the existing footpath is blocked by agricultural buildings. North Curry Parish Council wonders if the applicant is aware that there is an unofficial footpath to the North of the buildings which has existed for at least ten years. It was also noted that the buildings shown on the proposed route plan differ from the approved agricultural building conversion plan.

Mrs Helen Griffiths seconded the proposal, and all were in favour.

>Mr Phil Stone left the meeting.

**24/22/0035CQ** *Prior approval for proposed change of use from agricultural buildings to 3 No. dwellings (Use Class C3) and associated building operations at Moredon, Stoke Road, North Curry.*

The Chairman described the application and after a discussion proposed to support the application, with the following statement:

North Curry Parish Council supports the application if it meets the criteria of the type Q development. We are still pleased to see the applicant has again included improvements to the visibility splay in Stoke Road, and with to see this being a condition of any approval.
